Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-Network: $850 per Individual/$2,550 per Family Out-of-Network: $4,000 per Individual/$12,000 per Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-Network Preventive, Hearing, Smoking Cessation, Vision and Prescription Benefits are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You must pay all the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Medical In-Network: $5,250 per Individual/$10,500 per Family Pharmacy In-Network: $1,900 per Individual/$3,800 per Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall the family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance billing charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.healthlink.com or call (800) 624-2356 for a list of network providers.	You pay the least if you use a provider in Tier 1 Healthlink network. You will pay more if you use a provider in Tier 2 Healthlink network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.

OMB Control Numbers 1545-2229, 1210-0147, and 0938-1146
